Welcome to ParentSquare!

Dear Families,

We are excited to announce that we are in the process of adopting a new form of school-to-home communication at Wrightstown Community School District called ParentSquare. For the current school year, staff will continue to use the current methods of communication, but will have the opportunity to begin setting up ParentSquare and practicing with the features. Over the next few months, the goal is to complete the setup steps and have the platform fully operational by July so we can use it for all 2024-25 back-to-school communications.

This unified communications platform is designed to keep parents and guardians informed and encourage greater engagement and connection in Marion School District. It provides a safe way for district administrators, school principals, teachers, staff, and parents to:

- Send and receive school and class information
- Share pictures and files
- See calendar items
- Sign up to volunteer
- Communicate between coaches, parents and athletes
- and much more . . . all in one centralized place!

Beginning in the 2024-25 school year, all district and school information will be sent to your computer or phone via email and/or text. For even more convenience, download the ParentSquare app (available for free for iOS and Android devices).
