WORK PERMIT INFORMATION

As you may have heard, the Department of Workforce Development's Equal Rights Division has developed a new online work permit application tool. The Division carefully considered the lessons of the past few years, when pandemic restrictions made it nearly impossible for some minors to obtain work permits and decided to pursue an online application that would be available to the parents of minors 24 hours a day, 7 days a week from any computer, tablet, smartphone, or similar device. The application improves accessibility for minors who live in rural or underserved areas and eliminates the difficult logistics involved in working parents having to take off work to make a trip to a work permit office.

Parents can access the site [using these instructions](#). Payment is made directly to the department through the application, using a credit or debit card or by ACH direct withdrawal. Once the permit application process is complete, the Department mails a paper copy of the permit directly to the employer.

Power Back Milk Sponsors

The Personal Conditioning classes and the Physical Education department would like to thank the following businesses for providing each student chocolate milk to help them refuel after their workouts. Our kids are fortunate to have companies like yourself to help make their high school experience special. Thanks for all you do!!

WELLNESS CENTER

The Wellness Center will only offer the Senior Strength & Stretch class this summer. **Senior Strength & Stretch** is held in our fitness studio on **Mon/Wed/Fri** from **9:30-10 AM** and is **free** to members. No pre-registration needed.

The Wellness Center is currently in search of a fitness class instructor. Ideally we are looking for a certified instructor to run a bootcamp style class 1-2 morning per week on Tuesdays and/or Thursdays at 5:15 AM.
